### WHITE FILMS

For the ultimate in versatility, look to Ultra Film® White Films for your next durable label application. There is a substrate available for your next project from counter mats, drum labels or floor graphics to shelf/bin labels and durable product markings.

### WINDOW FILMS

Inside or outside. Permanent or temporary. Regardless of what your application requires Ultra Film® Window Films offer solutions for a wide spectrum of promotional and POP applications.

### SPECIALTY FILMS

Need something unique or unusual? Maybe it's a warning label for an appliance or a label that will reflect light at night. Ultra Film® Specialty Films are great for end use applications including toy and game labels, seasonal/novelty stickers, entertainment promotions and much more.

### MOUNTING FILM & LAMINATES

These innovative products combine adhesive technology with high quality substrates to offer a wide variety of solutions. Ultra Film® Mounting Films and Laminates are great for trade show exhibits, floor graphics and retail displays - just to name a few.
